K2M REO

Steel Fixing & Concrete Reinforcement

Overview

K2M REO Pty Ltd is a leading steel fixing specialist providing high-quality concrete reinforcement for large-scale civil and construction projects.

Lead by Simon and Joe, who each have over 20 years experience, K2M REO was founded in Sydney in September 2022. Since then, the company has grown into a trusted partner for steel fixing and reinforcement for civil construction projects on the East Coast of Australia.

Area of Expertise

Our team work across road, tunnels, bridges, rail, ports, airports and plants. We work exclusively with high-quality steel that meets Australian standards, ensuring the integrity and durability of every project.

Compliance & Safety Standards

Do your work with pride and put safety in every stride

Our team is committed to safety, precision, and excellence. All K2M REO team members are ticketed and have working at heights, elevated work platform, scissor lifts tickets and verification of competency. A number of team members also have dogmen, welding tickets and competency.

Client Testimonials

The K2M REO team takes pride in their work. They're responsive, easy to deal with, and always deliver a high standard of service. We'd have no hesitation recommending them for reinforcement and civil construction projects.

Fearghal Grimes - Director
Gmac Construction Group

We've used K2M REO on multiple projects in Adelaide and have always been impressed by their workmanship and attention to detail. Their crews arrive prepared, they work efficiently and help keep our projects on schedule.

Jason Deeney - Director
Adelaide Civil Structures

K2M REO has been a trusted partner on some of our biggest projects. Their knowledge, skilled workmanship, and use of quality materials ensure exceptional results. We also appreciate their punctuality, always meeting project deadlines without compromising on safety or standards.

Paudi Kelleher - Director
Kelko Construction

We've worked with K2M REO on several civil infrastructure projects, and their steel fixing consistently exceed expectations. Their focus on quality and strict adherence to safety standards ensures every project is completed efficiently and reliably. We value this ongoing partnership and look forward to future collaborations.

David Grant - Superintendent
Blue Mountains Pipe & Civil

K2M REO consistently delivers exceptional steel fixing and concrete reinforcement services across our civil infrastructure projects. Their expertise, quality, and timeliness make them a highly recommended partner for any construction work.

Rob Creedon - Project Manager
Kenny Constructions
